Legislative Affairs & Election Committee
November 14, 2022

The Committee on Legislative Affairs & Elections met on Monday, November 14, 2022 at 6pm in the City Council Chambers.

The meeting was recorded by ECTV and can be viewed on the City of Everett website.

Members present were Councilor Michael Marchese, presiding, Councilors Alfred Lattanzi, Darren Costa and John Hanlon, as ex-officio. Member absent was Councilor Smith who was unable to attend due to a family commitment.

The Committee considered a Resolution offered by Councilor Michael Marchese: That the Administration considers equally distributing the city's local newspaper advertising among all three of Everett's weekly newspapers.

Councilor Lattanzi provided a reference to the City Charter from City Solicitor Colleen Mejia related to Interference with Administration which read "No city council or any member of the City Council shall give orders or directions to an officer or employee of the city appointed by the mayor, either publicly or privately". Councilor Lattanzi expressed his concern based on this document that the City Council had no jurisdiction on this matter that it was an Executive matter not a Legislative one. Chairman Marchese responded that it was the taxpayer's money being spent and that he as a Councilor was not sure what was being spent and shared with the various newspapers. He requested that Chief Financial Officer Eric Demas be asked to provide this information and that Mr. Demas ask what each newspaper charges per square inch with the City agreeing to go with the lowest price per square inch for all newspapers. Chairman Marchese noted that the Wellness Center was going out to bid so he couldn't understand why there would be a problem going out to bid for a cost per square inch from all newspapers. Councilor Costa agreed that it was good financial hygiene in getting quotes, but wanted the bid process to include an online version of the paper noting that one no longer does it. Councilor Hanlon stated that he agrees in obtaining the cost information but was not in favor of going against the Charter section provided by the City Solicitor. Councilor Costa requested that the number of publications per paper be provided as well.

The Committee voted, to report back to the City Council with a recommendation to refer to CFO Eric Demas to provide the amount of money spent on each local newspaper, the number of publications per paper, and that the City go out to bid with each local newspaper inquiring to the cost per square inch and that the CFO report back his findings at the next regular City Council meeting.

While Josh Resnek was delivering newspapers to the building today, I asked what the Leader-Herald's rate for legal advertising was, He replied $10.00 per square inch with special rates for larger ads.

I will make sure that a copy of this e-mail gets attached to the piece that was sent to Legislative Affairs.

RE: Zoning Ordinance Maps

To David Flood <david_flood@comcast.net> Copy Michael Mangan <michael.mangan@ci.everett.ma.us> • Sergio Cornelio <sergio.cornelio@ci.everett.ma.us>

Good evening, Dave,

I've attached to this email an image of the applicable zoning area, which shows the Zoning for Lower Broadway as it exists today, including the Resort Casino Overlay District.

The portions with cyan streaks laid-atop properties is the Resort Casino Overlay District (1 Broadway, 20, 50, 80, 84, 100, 128 Broadway and 3 Charlton Street). Across Broadway (East of Broadway), you'll notice a square of properties bound by Dexter Street, Robin Street, Mystic Street, and Bow/Broadway. It is the properties within this block that would be affected by the expansion of the Overlay District. Important to note, an overlay does *not* eradicate the existing, underlying zoning. Rather, it adds a layer to the underlying zoning (i.e. 3 Bow Street is currently zoned as LB – Commercial; if the Council were to approve the request, the parcel would retain its designation as LB-Commercial as well as having the RCOD overlay).

As for parcels *not* affected by the proposed zoning change, it is every parcel in Lower Broadway not located on the aforementioned block (properties north of Mystic Street on the eastern-portion of Broadway). I will have more detailed maps created prior to the City Council public hearing on the matter.

Hey Matt,

Is it possible for you to provide us with copies of the current and proposed Zoning Maps for the changes to the Resort Overlay District? We are already receiving complaints from the public that they weren't included in the agenda packets for tonight's meeting.

At some point, we probably need to have a discussion about if/how we can get all of the zoning maps available online since they are really a part of the zoning ordinance,

For the current change, I was wondering if you might be interested in including a list of the parcels that do not fall under the Resort Overlay District (and the zoning districts they do belong to) as a part of the text ordinance? Just a thought, totally your call.

Re:	C0442-22

Councilor Smith requested the Solicitor's Office advise as to whether the Host Community Agreement with Wynn MA, LLC encompassed the proposed new development. In reviewing the agreement, it refers specifically to the Project Site located at the former Monsanto site. Section B 1 Annual Community Impact Fee Payment to Everett states, "Beginning thirty (30) days after Wynn's commencement of operation of a destination resort casino at the Project Site, Wynn shall pay an annual community impact fee to Everett in the sum of Five Million ($5,000.000) (the "Annual Community Impact Fee" or "Impact Fee"). It goes on to state that the impact fee is based on the project totaling 1,320,000 square feet excluding parking areas. If the project building area exceeds 1,750,000 square feet the parties would renegotiate the fee in good faith.

The agreement further states, "if, after Wynn commences operations, Wynn undertakes any substantial new construction on property which is not part of the Project Site as of date Wynn commences operations ("New Property"), then the parties shall renegotiate the Impact Fee or negotiate a separate impact fee in good faith based on the actual impact resulting from such substantial New Construction on such new Property."

Section B 2 Annual PILOT Payment to Everett, refers to an annual tax payment made to Everett based on the Project Site. This section has identical language that new construction on a new site outside the Project Site would trigger parties to renegotiate the PILOT payment or negotiate a separate real estate tax agreement in good faith based on, "such substantial New Construction on such New Property".

The Project Site referred to in the entirety of the agreement is displayed in Exhibit A which shows a plan of the former Monsanto site. The plan does not refer to any site on the other (east) side of Broadway.

In my opinion, this new proposed development is not in the Project Site referred to in the Host Community Agreement signed by the parties on April 19, 2013 and therefore, would trigger a

renegotiation of the Host Community Agreement or negotiation of a separate agreement, as set contemplated in the original Host Community Agreement. I further note that Wynn has been advised (and has acknowledged) that a further agreement will be required.
