MAYOR DEMARIA RECEIVES DONATION FOR EARTH DAY CLEAN-UP *Wheelabrator Technologies makes generous donation*

Mayor Carlo DeMaria recently received a \$3,000 donation from Wheelabrator Technologies to its Celebrations Account. Wheelabrator Technologies is an industry leader in the safe and environmentally sound conversion of everyday residential and business waste - and other renewable waste fuels - into clean energy.

Due to the generous support from Wheelabrator, this year the Mayor's Office is able to add more to the City's Spring Clean-up event, which is being held on Saturday, April 22nd. Mayor Carlo DeMaria was pleased to accept the donation and support from Wheelabrator.

"I am humbled by the donation from Wheelabrator Technologies," states Mayor DeMaria, "The City of Everett is fortunate to have a positive relationship with such a great company that cares about the residents and environment. This donation will support the City's effort to ready the Everett Bike Trail for users throughout the spring and summer seasons."

In addition to Wheelabrator's donation, Wynn, Suffolk Construction, and the J. Derenzo Company will be providing in kind support, along with many volunteers and non-profit organizations throughout the community.
