Legislative Affairs & Election Committee
March 13, 2023

The Committee on Legislative Affairs & Elections met on Monday, March 13, 2023 at 6pm in the City Council Chambers.

The meeting was recorded by ECTV and can be viewed on the City of Everett website.

Members present were Councilor Michael Marchese, presiding, Councilors John Hanlon, Darren Costa and Stephanie Smith.

The Committee considered an Ordinance offered by Councilor Stephanie Martins: Amending Section B 1 of the Zoning Ordinances: Inclusionary Zoning.

Director of Planning Matt Lattanzi and Councilor Stephanie Martins, the Sponsor were also present.

Councilor Martins explained that the only change to her proposal was lowering the number 10 dwelling units to 6 dwelling units in the Inclusionary zoning Ordinance in attempt to increase affordable housing units. Councilor Smith referenced the different number of units in other communities and expressed her concern on what would work right for the City of Everett taking into consideration that a Zoning recodification is about to take place. Mr. Lattanzi concurred that other communities were using number of dwellings from 6 to 15 but didn't feel that 6 was too low especially where some developers were lowering the number of units to be developed to 9 to avoid the current inclusionary zoning number of 10 dwelling units. Councilor Smith referenced potential costs to advertise the change noting the possibility it could be changed again when the zoning recodification is finalized. Mr. Lattanzi informed the Committee that he felt 6 was a good and reasonable number explaining that 6 units would require one affordable unit whereas 8 units would necessitate two affordable units. Councilor Smith asked if this is something that needed to be done now or should it wait until the zoning recodification is done. Mr. Lattanzi explained that the zoning revamp would take at least 8 to 12 months before a final product is submitted and indicated that some projects could slip through until that occurs. Councilor Costa expressed concern for multigenerational families living in a home being impacted by this proposal. He remarked that it appeared that members of the City Council were all running in their own lanes with regards to zoning initiatives. Councilor Costa asked if the proposed TDM changes would include projects of 6 units and Mr. Lattanzi responded that not all projects do. Councilor Costa asked Councilor Martins if she obtained feedback from Mass Housing on her proposal and Councilor Martins noted that she was addressing a need and would be contacting Mass Housing. She suggested that the Committee refer out with no recommendation. Chairman Marchese asked if a Developer was adding 2 units on an existing building of 12 units would it fall under this proposals and Mr. Lattanzi explained that all the units in the building would now fall under the 15% requirement. Chairman Marchese inquired that if the original ordinance had stated 6 units instead of 10 units how many additional affordable units would have been provided and Mr. Lattanzi indicated that 11 additional affordable units would have been added.

The Committee voted, to grant further time for one month.

Legislative Affairs & Election Committee
February 27, 2023

The Committee on Legislative Affairs & Elections met on Monday, February 27, 2023 at 6pm in the City Council Chambers.

The meeting was recorded by ECTV and can be viewed on the City of Everett website.

Members present were Councilor Michael Marchese, presiding, Councilors John Hanlon, Darren Costa and Stephanie Smith.

The Committee considered an Ordinance offered by Councilor Stephanie Martins: Amending Section B 1 of the Zoning Ordinances: Inclusionary Zoning.

Councilor Stephanie Martins, the Sponsor was also present.

Councilor Martins explained that she was looking to amend the existing Ordinance from ten or more dwelling units to six or more dwelling units in the hope that this slight tweak would be a huge impact on providing additional affordable housing. Councilor Smith remarked that she felt that this was a band aid approach especially with all the work the Committee has been doing on establishing an overall review and research of all zoning related matters within the City. She noted that this can't be done overnight and would take a lot more analysis with the Planning Department on board in doing a revamp. Councilor Martins assured the Committee that she had talked to the Planning Department about starting with six and stated that if it was delayed the City would be missing out on providing the additional affordable housing. Councilor Costa asked the Sponsor why six units and Councilor Martins explained that she had observed the conversion and market trends within the City. Councilor Martins asked how many current developers would be impacted and Councilor Martins noted that it would only take effect upon passage. Councilor Costa acknowledged that the Committee was working on the bigger problem of overall zoning in the City that needs solving and expressed concern that this could hurt proposed smaller developments and questioned the TDM point system. Councilor Costa remarked that he doesn't believe the change creates a significant solution to the affordable housing problem. Councilor Smith referenced what other communities were using for numbers and was not sure if the number six was the right number for the City of Everett. Councilor Costa stated that he had no faith in the 10 units and believed 6 units but was concerned on the timeframe in which the overall zoning review and revamp could be completed. Chairman Marchese recommended further time and requested that the Planning Department and Planning Board be invited to the next meeting on the subject matter and that they be provided a copy of Councilor Martins proposal.

The Committee voted, to grant further time on a date to be determined and requested that the Planning Department and Planning Board be invited to the next meeting on the subject matter and that they be provided a copy of Councilor Martins proposal.

Legislative Affairs & Election Committee
March 13, 2023

The Committee on Legislative Affairs & Elections met on Monday, March 13, 2023 at 6pm in the City Council Chambers.

The meeting was recorded by ECTV and can be viewed on the City of Everett website.

Members present were Councilor Michael Marchese, presiding, Councilors John Hanlon, Darren Costa and Stephanie Smith.

The Committee considered an Ordinance offered by Councilor Vivian Nguyen: An Ordinance regulating animal breeding within the City of Everett.

City Clerk Sergio Cornelio, Animal Control Officer Stacia Gorgone and Councilor Vivian Nguyen, the Sponsor were also present.

Councilor Nguyen provided the Committee with a revised ordinance from the previous committee meeting in an attempt to address all the questions and concerns referenced at that meeting. Mr. Gorgone explained that this was something that they already do but was extending it to breeding. She noted that she had talked to some breeders and they are fine with the proposed ordinance with the understanding that it's to protect animals. Councilor Smith asked how many breeders Ms. Gorgone was aware of and Ms. Gorgone responded approximately five. Councilor Smith expressed concern over the discretionary penalty provisions and felt it important that the penalty provision be ironclad. Upon questioning from Councilor Costa, Councilor Nguyen reviewed the key facts of her proposal in addition to the changes to the proposal from the previous one. Councilor Hanlon inquired if current dog owners whose dogs had puppies would fall under this new proposed ordinance and Councilor Nguyen noted the exemption section of the proposal that would not apply in these situations. Chairman Marchese inquired to the number of dogs allowed for breeding and Ms. Gorgone referenced the current kennel license requirements. The Committee noted that it supported the proposed Ordinance but felt the penalty provision should be in a tiered schedule. Mr. Cornelio suggested that the penalty provision be amended to reference Ordinance 1-8 and that phased approach. Councilor Smith suggested that the matter be granted further time until a schedule of fines could be finalized.

The Committee voted, to grant further time.

Summary of Proposal

Goal: To ensure that animal breeders are knowledgeable and comply with basic animal welfare standards, and to bring unregistered breeders within the City's radar.

Key Facts:

- Only 3 people in Everett currently have a kennel license (meaning they have 4+ dogs)
- While the animal breeding regulation proposal is applicable to all animals, the licensing requirements are based on required paperwork for the existing Dog Kennel Licensing Application available at the City Clerk's Office (attached)
 - Licenses valid for one year and must be renewed annually
 - \$200 fee to reflect business kennel license fee (11+ dogs)
 - Paperwork (up-to-date vaccination and medical records) to show that animals are healthy and getting vet care—the kennel application asks for vet information, breed, age, sex, date of last rabies shot and expiration date, and requires a valid anti-rabies vaccination certificate
- The city clerk would provide licenses and ACO signs off on them after inspection, verifying vet care etc.

Changes to the proposal in front of you (versus the one in the agenda):

- License Fee updated from \$100 to \$200 to reflect business kennel license fee (11+ dogs)
- Added to Penalties section: "In addition, any animal found to be in violation may be taken away by the animal control officer."
- Added to Inspections and Enforcement section: "Additionally, any animal found to be in violation may be taken away by the animal control officer."

Information about Existing Dog License and Kennel License Application

The meeting was recorded by ECTV and can be viewed on the City of Everett website.

Members present were Councilor Michael Marchese, presiding, Councilors John Hanlon, Darren Costa and Stephanie Smith.

The Committee considered an Ordinance offered by Councilor Vivian Nguyen: An Ordinance regulating animal breeding within the City of Everett

Councilor Vivian Nguyen, the Sponsor was also present.

Councilor Nguyen provided an overview of her proposal that was developed with the assistance of animal activist and was consistent with the current kennel requirements. Councilor Costa concurred that he also heard from some people on the importance of this proposal. Councilor Hanlon if a resident would be in violation of this Ordinance if they had a dog who had several puppies and wanted to sell or give away the puppies. Councilor Nguyen explained that the Ordinance was for those intentionally involved in breeding. Councilor Hanlon expressed concern on how the City would be able to identify the difference and Councilor Nguyen responded that it would be at the direction of the Animal Control Officer. Councilor Smith stated that she agrees with merit but is concerned on who enforces, inspects and wanted assurances that a residents dog having puppies wouldn't be in violation. Councilor Smith also requested that a fine be determined. Councilor Hanlon noted that the license should be issued by the City Clerk and not the Animal Control Officer. Councilor Hanlon asked if she was aware of any breeders and Councilor Nguyen responded no. The Committee recommended that the matter be granted further time to allow the Sponsor to fine tune the proposal.

The Committee voted, to grant further time on a date to be determined and requested that the Sponsor be invited to the next meeting on the subject matter.
