Legislative Aide Mike Mangan, along with abutters Richard Sully and Edward Swanburg were also present.

Mr. Mangan informed the Committee that he had spoken to Councilor Matewsky earlier in the day and wanted to convey his concerns about a lot of garbage trucks parked in the lot next to Quealy towing and wanted to know if they should have obtained an open air permit as well as what could be done to address the neighborhood concerns about odor. Mr. Sully explained that the trucks line up very early in the morning emitting diesel fumes, that there are now tons of seagulls as well as rats around as a result of the trucks and that the smell was unbelievable. Mr. Swanburg concurred and noted that the seagulls were now all over the roof of his business, TownFair Tire, pecking holes in his roof causing leaks. He remarked that the City needed to get them out of there. Mr. Mangan acknowledged that the Owner was invited but was not present. He suggested that the Committee refer the subject matter to the City Clerk, Inspectional Services Division and himself as Legislative Aide to further investigate the conditions referenced and meet with the Property Owner, Business Owner of Boston Carting Co. and the abutters of the property.

The Committee voted: To report back to the City Council with a recommendation to refer to the City Clerk, Inspectional Services Division and himself as Legislative Aide to further investigate the conditions referenced and meet with the Property Owner, Business Owner of Boston Carting Co. and the abutters of the property.

Re: Response to Request Regarding U.S. Department of Justice Title VII Inquiry

Dear Members of the Ways & Means Committee:

We write to respond to your request made through City Solicitor Colleen Mejia concerning the inquiry being conducted by the U.S. Department of Justice and the U.S. Attorney's Office for the District of Massachusetts (collectively, the "Department of Justice") and related invoices for legal work performed by Greenberg Traurig, LLP.

As counsel to the City of Everett in connection with the pending Title VII inquiry, Greenberg Traurig serves as an advisor and advocate for the City and maintains regular communication with the City – particularly with the City Solicitor and her designees – concerning this representation. The relationship between Greenberg Traurig and the City is a fiduciary one in which Greenberg Traurig occupies a position of trust, confidence, and undivided loyalty.

The City has instructed Greenberg Traurig that it wishes to cooperate fully in the government's inquiry. The work undertaken by Greenberg Traurig involves a review of the City's activities as well as interactions with the Department of Justice concerning actions by the City that may potentially constitute violations of Title VII of the Civil Rights Act, which prohibits discrimination based on race, color, religion, sex, national origin, age, or disability as well as retaliation. The City acts through its employees and authorized representatives, and the work we have undertaken necessarily involves a review of the actions of individuals within the

City. At the present time, in order to ensure that the internal review is conducted properly, it is in the best interest of the City to maintain confidentiality concerning the details of the inquiry, including the identification of individuals with whom we interact, the nature of information we learn, the content of historical communications, our analysis of the issues, and our communications with Department of Justice. Among other things, because Greenberg Traurig's work involves the review of communications and the interview of witnesses, maintaining confidentiality encourages employees to cooperate in the process. Confidentiality protects the City, the subjects of the inquiry, and the participants in the inquiry from gossip, speculation, and potential retaliation and helps to ensure the integrity of the inquiry.

As required to ensure a complete and thorough review of internal matters and to respond to requests by the Department of Justice, Greenberg Traurig has interacted with some City employees and authorized representatives. However, because to do otherwise may jeopardize the integrity of the internal review, counsel has maintained the details of the inquiry as confidential. This practice is consistent with the practice of outside counsel engaged in sensitive matters such as internal reviews initiated by a government inquiry or investigation. In all events, we expect that we will share a report of our findings with you at the conclusion of the inquiry.

As counsel to the City, we will continue zealously to protect the City's interests and look forward to resolving this matter as quickly as possible.

Sincerely,

Ways and Means Committee
March 20, 2023

The Committee on Ways and Means met on Monday, March 20, 2023 at 6:00pm in the City Council Chambers at City Hall.

The meeting was recorded by ECTV and can be viewed on the City of Everett website.

Members present were Councilor John Hanlon, presiding; Councilors Darren Costa, Vivian Nguyen and Stephanie Smith.

The Committee met on an Order offered by Councilor Michael Marchese, as President: An Order requesting the approval of an appropriation of \$250,000 from Budgetary Fund Balance into the Solicitor's Litigation/Professional Services account.

City Solicitor Colleen Mejia was also present.

Councilor Costa mentioned previous attorney invoices he received that had a number of redactions in which he was seeking more information and asked if the information could be obtained in Executive Session. Solicitor Mejia explained that all City employees and appointed – elected officials including herself were subject to the US Attorney and Department of Justice inquiry. She stated that she doesn't have all information or access to it. Solicitor Mejia provided an overview of the discrimination inquiry which was occurring based on media accounts. She stated that the City hired a law firm that was the best of the best which had a former US Attorney and former Assistant US Attorney representing the City. Councilor Smith referenced the inquiry start timeframe and remarked that she didn't believe any of the new City Councilors would be involved in the inquiry. Councilor Smith questioned the amount of time the lead attorneys were working on it and wondered if there were any duplications or if it was work that the Junior Associates could have performed at a cheaper cost. Solicitor Mejia assured the Committee that the Junior Associates were doing grunt work and that there were no duplications by the lead attorneys. She explained that the first phase was to provide the US Attorney office with documents they requested and that she expected that the next phase would begin in a few weeks in which they would begin interviewing City employees who will be represented by the attorneys hired. Solicitor Mejia indicated that the attorneys hired had also conducted an internal review of the documents provided to the US Attorney's office and found a few deficiencies that are now being corrected as it relates to policies and training. Councilor Smith inquired to who the School Department had representing them in this inquiry and Solicitor Mejia noted that they also had hired a former US Attorney. Solicitor Mejia informed the Committee that the School Department had budgeted \$200,000 this fiscal year for legal representation and is proposing a budget for next fiscal year for legal representation in the amount of \$696,000. She remarked that the City could have saved some money if the Schools had utilized the same Attorneys as the City had hired. Councilor Smith stated that the City Council should be privy to this information and mentioned that we are one City. She asked Solicitor Mejia if she could have the US Attorney's office provide a letter to the City Council confirming what the elected officials can see or not see as it related to this inquiry especially where they need to answer to their constituents regarding these costs. Councilor Costa asked who the attorneys would be representing and Solicitor Mejia responded that they would be representing anyone in their scope of employment with the City of Everett. The Committee inquired into the reason for the May legal invoices and Solicitor Mejia explained that it had

#1 - C0089-23 Ways and Means Committee 3/20/23

page 2

nothing to do with the inquiry and that invoice was a result of a City Council requesting a response to allegations made against the Mayor by media sources. Chairman Hanlon asked if the \$250,000 would be sufficient to the end of the fiscal year and Solicitor Mejia noted that she had received a February legal invoice in the amount of \$99,000 which would deplete her current account and indicated that she was unsure if she would need more money or not. Chairman Hanlon asked when the Solicitor expected all of this to end and Solicitor Mejia responded that hopefully it would end in late Spring. Councilor Smith requested further time on the matter. Councilor Costa requested that Solicitor Mejia have the US Attorney's office provide a letter to the City Council confirming what the elected officials can see or not see as it related to this inquiry – that contact information at the US Attorney's office be provided – legal invoices related to the inquiry from the School Department be provided – and that the CFO provide updated information on May legal invoices to the City.

The Committee voted: to request further time with a further request that the following be provided prior to the next meeting - that Solicitor Mejia have the US Attorney's office provide a letter to the City Council confirming what the elected officials can see or not see as it related to this inquiry – that contact information at the US Attorney's office be provided – legal invoices related to the inquiry from the School Department be provided – and that the CFO provide updated information on May legal invoices to the City

Legislative Affairs & Election Committee
March 13, 2023

The Committee on Legislative Affairs & Elections met on Monday, March 13, 2023 at 6pm in the City Council Chambers.

The meeting was recorded by ECTV and can be viewed on the City of Everett website.

Members present were Councilor Michael Marchese, presiding, Councilors John Hanlon, Darren Costa and Stephanie Smith.

The Committee considered an Ordinance offered by Councilor Stephanie Martins: Amending Section B 1 of the Zoning Ordinances: Inclusionary Zoning.

Director of Planning Matt Lattanzi and Councilor Stephanie Martins, the Sponsor were also present.

Councilor Martins explained that the only change to her proposal was lowering the number 10 dwelling units to 6 dwelling units in the Inclusionary zoning Ordinance in attempt to increase affordable housing units. Councilor Smith referenced the different number of units in other communities and expressed her concern on what would work right for the City of Everett taking into consideration that a Zoning recodification is about to take place. Mr. Lattanzi concurred that other communities were using number of dwellings from 6 to 15 but didn't feel that 6 was too low especially where some developers were lowering the number of units to be developed to 9 to avoid the current inclusionary zoning number of 10 dwelling units. Councilor Smith referenced potential costs to advertise the change noting the possibility it could be changed again when the zoning recodification is finalized. Mr. Lattanzi informed the Committee that he felt 6 was a good and reasonable number explaining that 6 units would require one affordable unit whereas 8 units would necessitate two affordable units. Councilor Smith asked if this is something that needed to be done now or should it wait until the zoning recodification is done. Mr. Lattanzi explained that the zoning revamp would take at least 8 to 12 months before a final product is submitted and indicated that some projects could slip through until that occurs. Councilor Costa expressed concern for multigenerational families living in a home being impacted by this proposal. He remarked that it appeared that members of the City Council were all running in their own lanes with regards to zoning initiatives. Councilor Costa asked if the proposed TDM changes would include projects of 6 units and Mr. Lattanzi responded that not all projects do. Councilor Costa asked Councilor Martins if she obtained feedback from Mass Housing on her proposal and Councilor Martins noted that she was addressing a need and would be contacting Mass Housing. She suggested that the Committee refer out with no recommendation. Chairman Marchese asked if a Developer was adding 2 units on an existing building of 12 units would it fall under this proposals and Mr. Lattanzi explained that all the units in the building would now fall under the 15% requirement. Chairman Marchese inquired that if the original ordinance had stated 6 units instead of 10 units how many additional affordable units would have been provided and Mr. Lattanzi indicated that 11 additional affordable units would have been added.

The Committee voted, to grant further time for one month.

Respectfully Submitted,

John W. Burley
Clerk of Committees

Legislative Affairs & Election Committee
February 27, 2023

The Committee on Legislative Affairs & Elections met on Monday, February 27, 2023 at 6pm in the City Council Chambers.

The meeting was recorded by ECTV and can be viewed on the City of Everett website.

Members present were Councilor Michael Marchese, presiding, Councilors John Hanlon, Darren Costa and Stephanie Smith.

The Committee considered an Ordinance offered by Councilor Stephanie Martins: Amending Section B 1 of the Zoning Ordinances: Inclusionary Zoning.

Councilor Stephanie Martins, the Sponsor was also present.

Councilor Martins explained that she was looking to amend the existing Ordinance from ten or more dwelling units to six or more dwelling units in the hope that this slight tweak would be a huge impact on providing additional affordable housing. Councilor Smith remarked that she felt that this was a band aid approach especially with all the work the Committee has been doing on establishing an overall review and research of all zoning related matters within the City. She noted that this can't be done overnight and would take a lot more analysis with the Planning Department on board in doing a revamp. Councilor Martins assured the Committee that she had talked to the Planning Department about starting with six and stated that if it was delayed the City would be missing out on providing the additional affordable housing. Councilor Costa asked the Sponsor why six units and Councilor Martins explained that she had observed the conversion and market trends within the City. Councilor Martins asked how many current developers would be impacted and Councilor Martins noted that it would only take effect upon passage. Councilor Costa acknowledged that the Committee was working on the bigger problem of overall zoning in the City that needs solving and expressed concern that this could hurt proposed smaller developments and questioned the TDM point system. Councilor Costa remarked that he doesn't believe the change creates a significant solution to the affordable housing problem. Councilor Smith referenced what other communities were using for numbers and was not sure if the number six was the right number for the City of Everett. Councilor Costa stated that he had no faith in the 10 units and believed 6 units but was concerned on the timeframe in which the overall zoning review and revamp could be completed. Chairman Marchese recommended further time and requested that the Planning Department and Planning Board be invited to the next meeting on the subject matter and that they be provided a copy of Councilor Martins proposal.

The Committee voted, to grant further time on a date to be determined and requested that the Planning Department and Planning Board be invited to the next meeting on the subject matter and that they be provided a copy of Councilor Martins proposal.

Respectfully Submitted,

John W. Burley
Clerk of Committees

Legislative Affairs & Election Committee
March 13, 2023

The Committee on Legislative Affairs & Elections met on Monday, March 13, 2023 at 6pm in the City Council Chambers.

The meeting was recorded by ECTV and can be viewed on the City of Everett website.

Members present were Councilor Michael Marchese, presiding, Councilors John Hanlon, Darren Costa and Stephanie Smith.

The Committee considered an Ordinance offered by Councilor Vivian Nguyen: An Ordinance regulating animal breeding within the City of Everett.

City Clerk Sergio Cornelio, Animal Control Officer Stacia Gorgone and Councilor Vivian Nguyen, the Sponsor were also present.

Councilor Nguyen provided the Committee with a revised ordinance from the previous committee meeting in an attempt to address all the questions and concerns referenced at that meeting. Mr. Gorgone explained that this was something that they already do but was extending it to breeding. She noted that she had talked to some breeders and they are fine with the proposed ordinance with the understanding that it's to protect animals. Councilor Smith asked how many breeders Ms. Gorgone was aware of and Ms. Gorgone responded approximately five. Councilor Smith expressed concern over the discretionary penalty provisions and felt it important that the penalty provision be ironclad. Upon questioning from Councilor Costa, Councilor Nguyen reviewed the key facts of her proposal in addition to the changes to the proposal from the previous one. Councilor Hanlon inquired if current dog owners whose dogs had puppies would fall under this new proposed ordinance and Councilor Nguyen noted the exemption section of the proposal that would not apply in these situations. Chairman Marchese inquired to the number of dogs allowed for breeding and Ms. Gorgone referenced the current kennel license requirements. The Committee noted that it supported the proposed Ordinance but felt the penalty provision should be in a tiered schedule. Mr. Cornelio suggested that the penalty provision be amended to reference Ordinance 1-8 and that phased approach. Councilor Smith suggested that the matter be granted further time until a schedule of fines could be finalized.

The Committee voted, to grant further time.

Respectfully Submitted,

John W. Burley
Clerk of Committees

Summary of Proposal

Goal: To ensure that animal breeders are knowledgeable and comply with basic animal welfare standards, and to bring unregistered breeders within the City's radar.

Key Facts:

- Only 3 people in Everett currently have a kennel license (meaning they have 4+ dogs)
- While the animal breeding regulation proposal is applicable to all animals, the licensing requirements are based on required paperwork for the existing Dog Kennel Licensing Application available at the City Clerk's Office (attached)
 - Licenses valid for one year and must be renewed annually
 - \$200 fee to reflect business kennel license fee (11+ dogs)
 - Paperwork (up-to-date vaccination and medical records) to show that animals are healthy and getting vet care—the kennel application asks for vet information, breed, age, sex, date of last rabies shot and expiration date, and requires a valid anti-rabies vaccination certificate
- The city clerk would provide licenses and ACO signs off on them after inspection, verifying vet care etc.

Changes to the proposal in front of you (versus the one in the agenda):

- License Fee updated from \$100 to \$200 to reflect business kennel license fee (11+ dogs)
- Added to Penalties section: "In addition, any animal found to be in violation may be taken away by the animal control officer."
- Added to Inspections and Enforcement section: "Additionally, any animal found to be in violation may be taken away by the animal control officer."

Councilor Nguyen provided an overview of her proposal that was developed with the assistance of animal activist and was consistent with the current kennel requirements. Councilor Costa concurred that he also heard from some people on the importance of this proposal. Councilor Hanlon if a resident would be in violation of this Ordinance if they had a dog who had several puppies and wanted to sell or give away the puppies. Councilor Nguyen explained that the Ordinance was for those intentionally involved in breeding. Councilor Hanlon expressed concern on how the City would be able to identify the difference and Councilor Nguyen responded that it would be at the direction of the Animal Control Officer. Councilor Smith stated that she agrees with merit but is concerned on who enforces, inspects and wanted assurances that a residents dog having puppies wouldn't be in violation. Councilor Smith also requested that a fine be determined. Councilor Hanlon noted that the license should be issued by the City Clerk and not the Animal Control Officer. Councilor Hanlon asked if she was aware of any breeders and Councilor Nguyen responded no. The Committee recommended that the matter be granted further time to allow the Sponsor to fine tune the proposal.

The Committee voted, to grant further time on a date to be determined and requested that the Sponsor be invited to the next meeting on the subject matter.

Councilor Costa referenced his involvement in the zoning process going back to this past November when he was appointed by the Committee as the lead person to conduct research with the various city planning entities on the subject matter. He explained his reasoning behind his proposal with numerous City Council zoning proposals being submitted for discussion and action. Councilor Costa referenced reason changes he has proposed to the TDM Ordinance since he feels it must fit the zoning in place and mentioned some Planning Board approvals that just don't fit especially in dwelling districts. Councilor Costa mentioned that it was important that residents of each ward in addition to appointed of some members of the City Council to this AD HOC Committee along with the hiring of a professional planning consultant. Councilor Hanlon stated that he would the City Council to receive monthly reports once the AD HOC Committee is up and running. Councilor Costa stated that he would like to see a process of what should be reported out and would like to see simple table for each zoning district. Councilor Smith agreed that there was a lot going on with the numerous submittal of proposals for zoning changes and noted that she had talks with the Planning department and they were open and agreeable to an AD HOC Committee. She stated that the constant submittal of zoning proposals was getting confusing and requested that the President inform the members of the City Council not to submit any more since the AD HOC Committee would be addressing and covering all zoning related issues. Councilor Costa recommended that Councilor Smith be added as a Sponsor.

The Committee voted, to report back to the City Council with a recommendation to refer to the Mayor and Planning Department with a response within a month and a further recommendation to add Councilor Smith as a Sponsor.
