Health Department Director's Report

- Sabrina will be going in front of the council June 3rd to approve the proposed budget; we are keeping everything the same as we made many changes last year.
- We are working with our youth coordinator at the rec center for substance abuse prevention, they have a weekly program on Wednesdays. There will also be a teen night throughout the summer. We will be working with them spending the opioid settlement money.
- There was an Everett resident who received an in-home procedure for liposuction in Somerville who later passed away from this procedure. There have been questions and concerns regarding this with the Board of Health and Health Department but making it clear that the procedure took place in Somerville and therefore we were not aware until it became public on the news.
- We are looking to fill school nursing positions.
- We have free covid tests available in the health department.
