

**CITY OF EVERETT  
EDWARD CONNOLLY CENTER – DESIGNER  
SERVICES**

**ADDENDUM NO. 4**

**Date Issued: May 5, 2026**

**Project: #EPS-26-86B – Edward Connolly Center Designer Selection**

---

**NOTICE TO ALL BIDDERS**

This Addendum is issued to amend the Request for Services for Designer Services for the Edward Connolly Center.

- 1. Question:** A civil engineer was not included in the list of required consultants. Did you intend for the permitting consultant to be a civil engineer, or is the permitting consultant a separate consultant? If so, have you've omitted civil engineering for a particular reason, or shall we provide a civil engineer as well (we would recommend carrying a civil for this project).

**Answer:** A civil engineer should be included as part of the design team, in addition to the categories already listed in Addendum #2.

This Addendum modifies and becomes part of the original bid documents for this RFQ.

All other terms and conditions of the RFQ remain unchanged. Proposers must acknowledge receipt of this Addendum with their submission.
